

# Stay current. Stay on track.

- Aging technology limiting your laboratory from ideal performance?

## FlexUP Technology Renewal Program

Upgrade to our latest LC and mass spec systems, and improve lab performance

### Why replace your LC instruments?\*

Need to modernize and maximize efficiency

Inability to achieve system suitability criteria

Limited or discontinued vendor support

\*Poll conducted in conjunction with SelectScience during a 2020 webinar.

### Benefits from ongoing seamless upgrades

Control costs

Manage compliance risk

Improve data quality

Avoid system downtime

Address obsolescence for older systems

Strengthen your disaster recovery plan with Empower™ Cloud

Avoid instrument obsolescence by managing the lifecycle of your laboratory's assets

One provider for your CDS and LC delivers:

Centralized and efficient vendor support

Harmonized analytical lab systems and data

Less time dealing with incompatibility issues

**73%**  
prefer same CDS and LC vendor

If improving laboratory productivity and reducing operating costs are areas of focus, your Waters team is ready to help.
